Ten original and educational fairy tales for teaching children and their parents to control their dreams and use their skills to accomplish a variety of goals in everyday life. Since childhood, we've grown accustomed to thinking that dreaming is a trivial succession of meaningless illusions in which we are deprived of free will. Michael Raduga, author of the scandalous Phasieland Fairy Tales, begs to differ. As the founder of the School of Out-of-Body Travel and OOB Research Center, he has created the world's first tales for helping you and your children find out how to not be afraid of bad dreams, consciously travel in the dream world, and use this skill in quite a variety of ways in everyday life.
