Reviews

This is actually the very best book i actually have read till now. This is for all those who statte that there was not a worth studying. Its been written in an remarkably straightforward way which is merely following i finished reading this publication by which in fact altered me, modify the way i believe.

(Mr. Jeramy Leuschke IV)

MADNESS: THE INVENTION OF AN IDEA

HarperCollins Publishers Inc. Paperback / softback. Book Condition: new. BRAND NEW, Madness: The Invention of an Idea, Michel Foucault, Alan Sheridan, Compelling and highly influential, Michel Foucault's Madness is an indispensable work for readers who wish to understand the intellectual evolution of one of the most important social theorists of the twentieth century. Written in 1954 and revised in 1962, Madness delineates the profound shift that occurred in Foucault's thought during this period. The first iteration reflects the philosopher's early interest in and respect for Freudian theory and the psychoanalytic tradition. The second part marks a dramatic change in Foucault's thinking. Examining the history of madness as a social and cultural construct, he moves into a radical critique of Freud and toward the postmodern deconstruction that was to dominate and define his later work.
